

Dish dolly, heavy duty aluminum, extra large, and highly adjustable

390-A Meyer Circle • Corona, CA 92879-1078 • Phone (951) 340-3419 • Fax (951) 340-2716 • www.sammonsequipment.com

- **High quality heavy duty dollies for storing, moving & dispensing dishes.**
- **Open from all 4 sides with flexibility of handling different size dishes including round, square, rectangular & oval plates, platters & bowls.**

- 0.125" thick base
- 0.250" thick base plate
- Specially extruded corner posts and twelve (12) adjustable 1" hex rods, all covered with plastisol.
- 5" all swivel casters (2 with brakes)
- ¼"x 1" X-bars reinforcement at bottom.
- Mix & match various sizes
- Rods can be easily adjusted with 3/8" -16 carriage bolts

This workhorse allows fast and efficient storage and movement of dishes from washer to dispensing areas. Stacks of dishes are held safely between uprights preventing spilling and breakage. Convenient height of 32", wide track and compact design provide easy storage of dolly under most counters. Plastisol coating of uprights and adjustable 1" hex rods at points of contact prevent dishes from chipping, scratching and breakage.

The adjustable hex rods permit great flexibility which allow a large number of possible arrangements to mix and match various size dishes, bowls, plates and platters. The rods can be easily hand tightened without use of tools using 3/8"-16 carriage bolts. Additional tightening if desired can be done by using a wrench.

9601-DE-AS-2727

(Shown with some of many possible arrangements)

| Model Number | Capacity | Width (Inches) | Length (Inches) | Height (Inches) | Weight (Pounds) |
|-----------------|----------|----------------|-----------------|-----------------|-----------------|
